DECISIVE NEWS NEAR

Shafter Said to be Landing Troops Near Santiago.

IMPORTANT BATTLE EXPECTED BEFORE THE WEEK CLOSES.

Washington, June 20—Special—The intimation comes from Madrid that, rather than surrender Cuba to the Americans the island will be laid waste by fire. Orders have gone forth to all Spanish commanders to retreat when they find it necessary, but to destroy everything behind them—forts, cities and villages, and to leave nothing upon which the invading army can subsist and no roof under which it can shelter. It has been determined to carry the policy of destruction so far as to blot the beautiful city of Havana from existence sooner than permit the Americans to capture it. The sword will accompany the torch, and it is feared that defenceless Cuban women and children will be slaughtered by the thousands. This intelligence has determined the administration to make quick work of the campaign so as to prevent the complete carrying out of the program.

The Peace Movement.

Madrid, June 20—Special—The minister of foreign affairs has allowed it to be understood that negotiations for peace were proceeding, but denied that the powers have intervened. He said that the idea of German interference in the Philippines was fallacious. The manifesto in favor of peace issued by the commercial associations has greatly impressed the minister. It says the relinquishment of the colonies is preferable to a prolongation of the war.

The Landing Accomplished.

New York, June 20—Special—The Evening Journal's special from Mole St. Nicholas says Shafter's army has arrived off Santiago and Guantanamo, and the landing of troops will probably be accomplished today. The reinforcement of the marines at Guantanamo has probably already been done, but there will be no concerted move against Santiago until late this week.

Spanish Incendiaries.

Cincinnati, June 20—Special—The smokeless powder finishing house at King's Mills, 30 miles from here, was blown up last night. A man, presumably a foreigner, was picked up badly injured near the scene. He is said to have caused the explosion. Another man, supposed to be his partner, ran away. A posse is in pursuit.

A Worthless Fleet.

Dublin, June 20—Special—The Freeman's Journal says three English engineering experts who went to Cadiz to examine Camara's fleet report that they found things in a frightful state of disorganization. The arsenal and ship of the squadron were defective in almost every particular.

Waiting For the Ships.

London June 20—Special—Advices from Manila are that the first American fleet of troop ships is expected today. The insurgents have decided to wait for the Americans before attacking the city. The lack of field guns also prevents the onslaught.

A Chart of Havana.

Key West, June 20—Special—A government vessel has brought in two men from Havana. They have a complete chart of the Havana fortifications and of the mines in the harbor.

Nothing Official

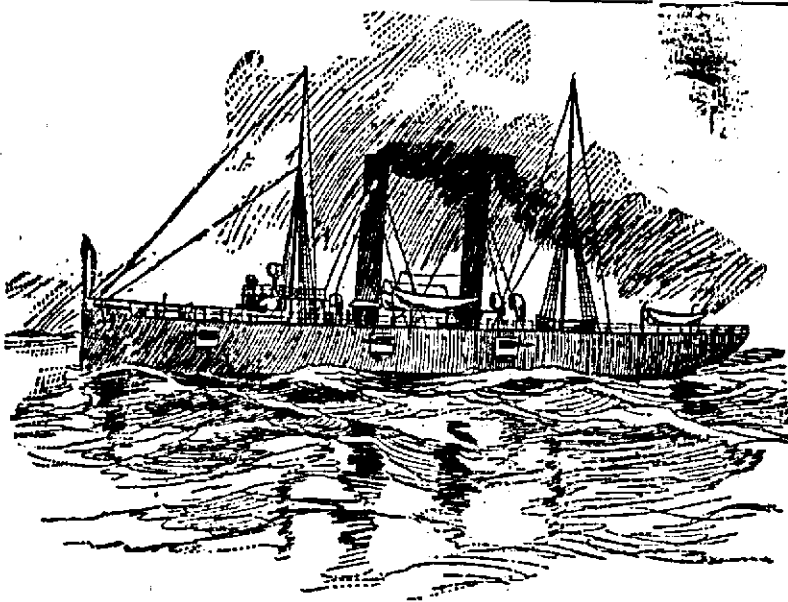

Washington, June 20—Special—Up to noon nothing official had been received announcing the arrival of Shafter's army off Santiago, but important news is expected any hour.

Sail For Manila.

San Francisco, June 20—Special—The monitor Monadnock and consort Nero will sail for Manila this evening.

Manila Has Surrendered.

Madrid, June 20—Special—The general belief prevails here that Manila has surrendered.

POPE MUST QUIT WORK

His Holiness Ordered By His Physicians to Refrain From All Labor.

Rome, June 20—[Special]—The pope is reported to be very feeble, and has been ordered by his physicians to completely abstain from all work.

PATSY GRIFFIN DRUNK AGAIN

His Fair Promises Did Not Prevent His Getting a Jag

Patsy Griffin, who made such a solemn promise in the municipal court last week that he would not drink another drop, went on a hilarious drunk yesterday, and was with difficulty removed to jail by Chief Hogan and Officer Appleby.

The fact that yesterday was Sunday seemed to make little difference to Patsy, and as he was being taken to jail the air was filled with curses and yells. Just what to do with Griffin is a question that the court is now trying to solve.

WORK BEGINS IN EARNEST.

New Metallic Telephone to Rockford will soon be Completed.

Work was commenced this morning on the new copper metallic line which will soon be in working order between this city and Rockford.

The Wisconsin Telephone company who have the work in charge have sent many linemen here, who will lose no time in rushing the work to completion. The route to be traveled is via the river road to Beloit, the same line of poles now standing to be utilized.

LOOKING AFTER THE BOILERS.

Inspector Willis is Taking His Annual Tour of the State.

State Steam Boiler Inspector Willis, of the Hartford Insurance Company, is now in the city making his annual tour of inspection of the boilers here which are entrusted to his care. At the State School for the Blind, he found the boilers in the best of condition, while the same applies to those used at the county farm.

Those used at local manufacturing plants are in good condition.

DISPORTED IN THE WATER

Y. M. C. A. Classes Indulged in a Swimming Class Today.

Several members of the Junior class of the Y. M. C. A. participated in a swimming party held this afternoon in the river near the north city limit. Physical Director Davis was in charge of the boys, and all seemed to think the event a rare treat. In several of the eastern Y. M. C. A. buildings where large tanks are provided, swimming is a most important study.

TO THE SILENT TOMB

Andrew Ellison, Sr.

The funeral of the late Andrew Ellison, Sr., was held from St. Paul's German Lutheran church Saturday afternoon at 2:30 o'clock. Brief services were also previously held at the house in the town of Rock. Rev. O. J. Koerner officiated and there was a large attendance of family friends. The interment was in Afton cemetery. The pall bearers were John Leary, John Burns, George Blunk, Andrew Lawler, Patrick Smith and Peter Skelly.

ERNEST V. BAUGH, dining car conductor on the vestibule, is visiting the Omaha exposition with a delegation of friends.

SENATE AND HAWAII

Annexation Is Being Considered By The Upper House Of Congress This Afternoon.

Washington, June 20—[Special]—The senate proceeded with the consideration of the Hawaiian annexation resolution today.

STOOD AT HYMEN'S ALTAR

Miss Beulah A. Hodgdon United to Perry F. Brown Saturday Evening.

City Engineer Perry F. Brown and Miss Beulah A. Hodgdon were quietly married Saturday evening at the home of the bride's parents, Mr. and Mrs. J. W. Hodgdon, 58 Terrace street, Rev. A. O. Kempton officiating. Only the immediate relatives of the contracting parties were present, and the bride and groom were unattended. The rooms were very prettily decorated, and the wedding feast was served by Caterer G. A. Shortliff.

Both Mr. and Mrs. Brown are well known to Janesville people. The bride is a young woman of fine attainments and is deservedly popular with all. The groom is the son of Mr. and Mrs. E. Tracy Brown. He is a graduate of the civil engineering department of the state university, and has shown unusual ability in the line of his calling. He has held the office of city engineer since the death of O. G. Bleedon.

Mr. and Mrs. Brown will take an extended wedding trip, but will reside, for the present with the parents of the bride.

GONE TO SEE THE WRESTLING

Large Number of Citizens Goto to Witness the Match at Chicago.

A delegation numbering fully forty business men left Janesville on the early morning and noon trains for Chicago, where this evening they will witness the wrestling match between Turk and Evan Lewis.

Yonson is the favorite in the betting, the odds being 5 to 4. Even money is being wagered that the Turk will not throw Lewis in an hour. James J. Corbett will second Yonson. It is said that this is the first time that Corbett has consented to act as second in either a wrestling or boxing contest. He is said to be well versed in wrestling, and hopes to give the Turk some valuable advice.

Olave Hugen Pays for the Maintenance of Clara Christensen's Child.

Clara Christensen, of Beloit, appeared in the municipal court this afternoon with a three weeks' old baby in her arms, as complaining witness in case of the state of Wisconsin vs. Olave Hugen.

The defendant was charged with being the father of the child, and on the payment of \$200 for its support, \$30 expense money, and \$22.00 court costs, the case was dropped. The interested defendant also resides in the Line City.

HOBSON IN GREAT PERIL

Blanco Insolently Refuses to Exchange Him and His Men.

PREVALENT BELIEF THAT THEY WILL BE MURDERED.

Washington, June 20—Special—Before the close of the week the administration hopes to have information that Shafter and Sampson are in possession of Santiago. Shafter's troops undoubtedly arrived at their destination yesterday and began the work of debarkation. Two or three days will be required to complete this task. It is the intention of the president to be ready to start the Porto Rico expedition as soon as Santiago falls. According to present calculations it will be on the way by July 1. When Santiago, Porto Rico and Manila have fallen the capture of Havana and a general invasion of Cuba will take place provided that Spain does not surrender in the meantime.

Hostages For Hobson.

Washington, June 20—Special—The first Spanish officers of high rank who may be captured by the American army in Cuba are to be held as hostages for the safety of Lieut. Hobson and his men. This much was determined at a council of war held today. The implied threat of Blanco in his refusal to exchange the men is construed to mean that Hobson and his men will suffer death at the hands of their captors. Although retaliation in kind is abhorrent to American public sentiment it may become imperative as the only means by which Spanish officers can be compelled to respect the laws of civilized warfare. If Spain elects to carry on the war on barbaric lines she must be dealt with as barbaric nations are treated. This is the drift of all official opinion here.

Fears For Hobson.

Washington, June 20—Special—Grave fears are entertained here for the safety of Lieut. Hobson and his fellow captives at Santiago. It has been reported here that they have been shot, but the statement is not generally believed. It was said last night that the president had notified the Spanish government that Admiral Cervera and Gen. Pando would be held responsible for the lives of the American prisoners. If the president has sent such notice the lieutenant's life may be spared, but it is believed that he and his men will be murdered as soon as it becomes apparent to the Spaniards that they must abandon Santiago. It is the unanimous opinion here that the president should send the warning referred to if he has not already done so.

Blanco Is Insolent.

Key West, June 20—Special—Warships under a flag of truce attempted to arrange an exchange of Hobson and his companions on Saturday at Havana. Blanco sent the following message: "Will not exchange them. They are my prisoners. Will do what I please with them. If you want them come and take the city."

Key West, June 20—Special—Blanco has given notice that hereafter he will fire upon any American warship that ventures within six miles of Havana, whether or not it carries a flag of truce.

Still Uncertain.

Washington, June 20—Special—Washington is without positive intelligence relating to the landing of Shafter's expedition. It is presumed that the troops have been put ashore according to program, but nothing positive on that point is known. Official notice of the landing is expected within the next twelve hours. There will be no delay in starting the fighting as the Americans are eager and the Spaniards desperate.

Santiago Will be Burned.

Key West, June 20—Special—Cubans now here from the field predict that Santiago will be burned and Cervera's ships destroyed when the capture of the city become inevitable.

No Exchange.

Washington, June 20—Special—The navy department posted a bulletin this morning saying Spain has refused to exchange prisoners.

VOICES FROM THE LOCAL PULPITS

REV. MR. HALL CONTINUES LESSONS FROM CHRIST'S LIFE.

Points Out How Man May Be Blessed by Following His Example—Rev. Mr. Kempton Speaks of Conscience in His Course on Our Nobler Selves.

A large audience listened yesterday morning to that story of truly undying interest, "The Life of Christ," at the Court Street M. E. church.

Crowds of the sick were drawn to Christ. Why? If you place iron filings on a paper, and place a magnet underneath, they will all be drawn into two groups over the poles of the magnet. These poles sensitize the iron with an opposite polarity, each pole drawing its own filings, because it has what they lack. Christ had what the growing multitude of the sick lack. For he was paralytic, he had strength. For the blind he had God's whole sky, with the sun in it, and God's great earth, with all the glory of it. For the deaf he had speech and music. Christ draws men today. Why? He has what each lacks. Peace for the troubled. Rest for the weary. Strength for the weak. Purity and heaven for the impure. Multitudes followed Christ, from the scene of His feeding of the five thousand, to the western shore of Galilee. They were after the leaves and fishes. Many are in the church "for what there is in it" financially. They fail to apprehend the true Christ, and to be fed with the bread from heaven. Mr. Hall then spoke of the ceremony of the Jews, called "washing of the hands." Their tradition was made of more importance than the word of God. Valuable lessons were next drawn from the incident connected with the Syrophenician woman's persistent plea. Christ in Phoenician "could not be hid." He can never be hid. Nothing in the heart can be hid. Malice there affects eye, face and act. Love there speaks even if the lips are mute. Christ in the heart shines through all our doing like the colored light through the electrical fountain at the World's Fair. Mr. Hall spoke of the woman's earnest plea; of Christ's muteness, answering never a word; of the disciples "send her away" and Christ's answer that he "was not sent but unto the lost sheep of Israel." How utterly discouraging. Does he give up? No, he comes and throws himself at his feet and says "Lord help me." Christ says "It is not meet to take the children's bread and cast it to dogs." True faith overcomes. He holds her down and back that she may come on and up. He would have her see grand truth clearly. Listen to her world-famous answer, "Truth Lord, but even the dogs eat of the crumbs that fall from the Master's table." Their master as well as the children's. "O woman," says Christ, "Great is thy faith! Be it unto thee, even as thou wilt." Take not merely the crumbs under the table, but the whole table. So it is ever. Christ always says to true faith, "Be it unto thee, even as thou wilt."

MAN'S CONSCIENCE.

Rev. Mr. Kempton's Discourse at the Baptist Church Yesterday.

At the Baptist church yesterday a large congregation was in attendance. Mr. Kempton's subject was "Our Conscience." It was the second in the series, "Our Nobler Selves." His text was in first Peter, 3-10: "A good conscience. Man's body is composed of gases and chemicals, but that is not man. It is simply the house in which we live, and we ought to give the man even more attention than we do the body."

Darwin says that conscience is the great distinguishing feature between man and the animals. It is no wonder, therefore, that it is so often spoken of in scripture and in literature. It plays a most important part in our lives. Every man has a conscience, and we cannot escape from it. It often condemns us, or it approves of what we have done.

Notice first what it is. It is the intellect of man judging himself. It uses the knowledge of man to judge himself by. How necessary that our knowledge should be right. It not only judges but it commands. It tells us what we ought to do. It is a royal guard to point out and command us to go in the right way. If we accede to its commands we receive a reward. It is a wonderful power. It will punish the wrongdoer, whether man does so or not. It is but the echo of God's voice. If we are broken and rough God's voice will not be easily understood, but if we are smooth and pure that voice will be plainly heard and understood.

Second, Notice that it is possible by continual wrong doing, to cover up and defile the conscience, so that it is no longer a great prompter to right.

action. Woe betide the man who will persist in wrong doing and thus seal his own conscience. A good conscience must be an enlightened or educated one (good book, church privileges improved, and God's spirit will enlighten a conscience.

Again, our conscience must be a tender one if it is good. It must be pure and true. It must be like Christ himself.

May the Lord help us to use our conscience for a good purpose and thus develop it and become more and more Christlike.

Miss Nellie Smiley led the Y. P. S. O. E. missionary meeting. Mr. Kempton's subject for the evening was "Songs in the Night."

ARMORY FLAG RAISED

Interesting Exercises Held Saturday Evening—The Program Presented.

The new flag was raised on the armory Saturday night. The Grand Army Post was in charge, and the Y. M. C. A. band furnished the music. Commander O. D. Child was master of ceremonies. Rev. B. C. Denton led in prayer, after which Miss Josephine Farnsworth sang "The Stars and Stripes Forever." Miss Ida Faylor played the accompaniment. An address by Rev. Robert C. Denton followed, he explaining the principle for which the flag stood. Col. E. O. Kimberley then sang a solo, Mrs. Thomas Wallace acting as accompanist. Alex. E. Matheson made a characteristic fine address. Mrs. O. H. Brand recited "The American Flag" in her usual charming manner, after which Col. Kimberley sang "Spain's Judgment Day has Come." The flag was presented to the company by E. E. Matheson, who spoke in behalf of Miss Etta Brown and Mrs. H. F. Baldwin, who raised the money for its purchase. Lieut. E. F. Baldwin accepted the flag in behalf of the company, and spoke in a way that interested the audience greatly. He told of the routine of the camp, and said that the men—although he was not begging for them—needed money more than anything else. Then they could purchase ice and lemons. The water at the camp was not fit to drink, and unless it could be cooled and flavored with lemon juice it was very unhealthy. Lieut. Baldwin's talk was loudly applauded. Corporal E. F. Hall also spoke, and with the singing of America the exercises came to a close.

ON THE WAY TO THE FRONT

Darlington Recruits Start to Join Their Comrades at Jacksonville.

Nine soldier boys, each as happy as a clam on a sandy beach at high tide, arrived in the city this morning at 9 o'clock from Darlington. They were on their way to Jacksonville, where they will join the twenty-one volunteers from Darlington who passed through Janesville Saturday on their way south.

When the train left here this morning the boys were all singing and hoping that they would be with the Wisconsin regiments by Wednesday evening.

THE MEN WILL MANAGE IT

Not a Banquet to Be Given at the Congregational Church.

Several of the gentlemen members of the Congregational church have planned an elaborate banquet to take place in the parlors of the church Friday evening of this week.

The ladies will have nothing to do with managing the affair, nor will they be allowed to arrange for the banquet, but will be admitted to the banquet on payment of twenty-five cents. Speeches will be made, and the coming event promises to have several surprises in store for the ladies.

IT WILL BE A FITTING EVENT

Preparations for Celebrating the Fourth Are Being Rapidly Completed.

The committee on having the coming Fourth of July celebration in hand are losing no time these days in making all necessary arrangements. Attorney M. G. Jeffries will deliver the oration of the day, and the services of the Imperial band have been secured to furnish the music. The decorating committee is making extensive plans, and the coming event promises to be one long to be remembered.

TO LENGTHEN TENTS OR SHORTEN MEN

TALL SOLDIERS CRAMPED FOR ROOM.

New Shelters Are Not Built for "Slivers"—Equipment Is Arriving at Jacksonville Daily—Are Full of Rumors of Departure—Gossip From the Camp.

Camp Cuba Libre, Jacksonville, Fla., June 18—"A" tents or "slivers" were issued yesterday and the boys see prospects of a rougher tent life than they have been having. The "A" tents come in halves. The tents are divided so that the two men intending to occupy them shall each carry his share (half a tent, one pole and two pegs).

Rubber "ponchos" were issued also and a good part of the rest of our outfit are said to be on the grounds. Many reports of prospective movements fill the air but no certainty of an imminent departure can be traced to any order.

Private Lewis and some of the other lengthy members of this company are anxiously watching for the extension of the new tents that will permit their feet inside in case of storms.

Slack call today didn't find any patients in "A" company, all who have been "under the weather" being able to dispense with service.

This company ought to fare pretty well in case of serious illness, as it has two practicing physicians, one medical student, one pharmacist and one drug clerk of its own.

The Sentinel, Journal and News, of Milwaukee, have reporters camping on our grounds. The representative of the latter paper is well known to some of our men who belong to college societies and they all thus find our quarters a pleasant stopping place.

Private Wallace received a box from his southern home and the "perishables" were packed in cotton that had never been through a gin. The natural form was a good deal costly to the boys and a number of "balls" were sent home.

The Darlington company, our across-the-street neighbors, are mourning the loss of one of the members of their command who died here in the hospital, of spinal meningitis. I am told, and whose body was returned to Plattville last night.

Guard details from A Company for Wednesday were Privates Christianson, Meason, Morton, Miller, Pearl and Pierson. Private Herman Preuss is on the water guard.

Thursday Corporal Surman and Privates Ernest Preuss, Reynolds, Rechele, Rice and Salter.

The men are having all sorts of sport with the issue of shoes. They are all very wide and extremely serviceable, well made, and Sergeant Brown says that a man can come to an about face without moving his feet.

This a. m. Corporal Nott and Privates Irish, Gambert, Haller, Klenow, Gifford, Lewis and Shepherd composed "A" company's detail of the company of tall ones that represented the First Wisconsin in today's parade in honor of the unveiling of the confederate monument.

Wisconsin took first place in spite of the fact that her troops were pitted against the picked men of all the other regiments here.

Another occasion where we had a chance of "showing our good points" was at last evening's parade when Gen. Lee, after watching the movements, said to Col. Schadel "I've never seen a better parade; it could not be better done."

A little story is going the rounds of this camp that shows how our superior officers think well of the First Wisconsin. One of the "North Carolinians" officers asked General Lee "When are you going to send us away?" The answer was very prompt, "When you can drill as well as Wisconsin troops, we will think about it."

Private Irish was the tallest man in the improvised company today, and marched as No. 1 of the first set of fours.

Corporal Collins and Privates Sheldon and Corryell are watching for new "kodaks" that are coming. Lots of chances for good photos around this man's camp.

Private George Kaylor, an old Janesville boy, is a frequent visitor in our quarters. He belongs to the White-water company.

Privates Knipschild and Williams, and Corporal Smith are straining their eyes watching for shirts and underwear sent out to be washed by one of the "colored ladies" that are always making us visits and sometimes forgetting where our companies are located.

GAVE A PICNIC DINNER

Mealmen Spaulding and Kelly Entertain in a Delightful Manner

Twenty-five ladies were the guests of Mrs. E. E. Spaulding and Mrs. John Kelly this afternoon at a delightful lawn picnic party given on the spacious lawn that surrounds the Milwaukee avenue home of Dr. and Mrs. J. B. Whiting. A large bonfire in one corner of the yard served for cooking an endless number of picnic dishes and the repast that followed was enjoyed as only picnic dinners can be. Outdoor games followed and the affair proved as enjoyable as it was novel.

PRICE OF BEER GOES UP

After Today the Saloon Keepers Must Pay More For "Bridges"

After today the saloon keepers will be taxed an additional \$1 a barrel on beer and five and ten cents a case on bottled beer. Local agents representing Milwaukee brewing firms have been notified of this additional price which is the result of the war tax that the government has levied on the brewing products. The consumer will not be the loser, the retailer being obliged to "stand the difference."

Colorado Coal Mine War.

Denver, Col., June 20.—The owners of the coal mines in northern Colorado, which have been closed for the past two weeks on account of a strike of the miners, have decided to pay off all the men. A last appeal will be made to the men to accept the wages offered, and if the proposition is refused, it is said, negroes will be imported to take the places of the strikers. It is predicted that if the mine owners bring negroes here to take the places of the striking miners serious trouble will result.

Will Observe St. John's Day

Members of Janesville Chapter No. 60 O. E. S. cordially invites all Masons and their families to join them in a basket picnic at Idlewild park on June 24. The boats will leave the Mayflower dock at 10 a. m. and 4:30 p. m.

THE ILLS OF WOMEN

And How Mrs. Pinkham Helps Overcome Them.

Mrs. MARY BOLLINGER, 1101 Marianna St., Chicago, Ill., to Mrs. Pinkham:

"I have been troubled for the past two years with falling of the womb, leucorrhoea, pains over my body, sick headaches, backache, nervousness and weakness. I tried doctors and various remedies without relief. After taking two bottles of your Vegetable Compound, the relief I obtained was truly wonderful. I have now taken several more bottles of your famous medicine, and can say that I am entirely cured."

Mrs. HENRY DORN, No. 808 Findley St., Cincinnati, Ohio, to Mrs. Pinkham:

"For a long time I suffered with chronic inflammation of the womb, pain in abdomen and bearing-down feeling. Was very nervous at times, and so weak I was hardly able to do anything. Was subject to headaches, also troubled with leucorrhoea. After doctoring for many months with different physicians, and getting no relief, I had given up all hope of being well again when I read of the great good Lydia E. Pinkham's Vegetable Compound was doing. I decided immediately to give it a trial. The result was simply past belief. After taking four bottles of Vegetable Compound and using three packages of Sunative Wash I can say I feel like a new woman. I deem it my duty to announce the fact to my fellow sufferers that Lydia E. Pinkham's Vegetable remedies have entirely cured me of all my pains and suffering. I have her alone to thank for my recovery, for which I am grateful. May heaven bless her for the good work she is doing for our sex."

REBELS NEAR TO MANILA.

Advancing on the Capital of the Philippines.

ARE HELD IN CHECK BY DEWEY.

Admiral Wants the City to Capitulate to American Troops—Refugees Think the Surrender Has Already Been Made.

Manila, June 14, via Hongkong and Paris, June 20.—The rebels took Calocan last night and, advancing, are now in sight of the Manila railway station, Tutodan and other outposts. Malate, Santa Anna and Santa Mesa are still defended by the Spaniards.

Hongkong, June 20.—The steamer Yuen Sang arrived today. She left Manila June 14 with 1,200 passengers, mostly Chinese. There were fifty Europeans, including twenty-seven French nuns and forty boxes of specie for the Chartered bank.

At 2 o'clock on the morning of June 15 the Yuen Sang passed the steamer City of Pekin, which expected to arrive at Manila that day.

It is stated that although the rebels hold the town at their mercy, Admiral Dewey restrains them, being desirous that Manila shall capitulate to American troops.

The refugees expect that Manila has now surrendered.

Paris, June 20.—The Madrid correspondent of the Temps says it is reported there that Manila has capitulated, though the ministers have not received any news to that effect.

The correspondent also says that Senator Romero Giron, the minister of Colonies, States that if Gov. General Augusti has made over his power to Gen. Sanderes to govern Manila, Gen. Sanderes will attempt a sortie.

According to the same authority the Spanish consuls at Hongkong, Shanghai and Singapore have been ordered to organize at any cost the most rapid communication with the portions of the archipelago still under Spanish authority.

Many Families Are Starving.

St. John's, N. F., June 20.—Reports of terrible suffering have reached this city from the French shore settlements. Seven persons died of hunger at St. Anthony, where the poor are living on dried codfish, doled out by the residents. From Quirpon to Cape Norman there is not a barrel of flour. Rev. John Lynch, a Catholic priest of Conche, dispatched a messenger to Tilt Cove with this telegram: "Send on provisions at once; if not, boards to make coffins." Destitution is also reported in Salmon Cove, Perry Cove and other places in the Bay de Verde district.

Rudin's Race Has Been Run.

Rome, June 20.—There is no indication of a solution of the ministerial crisis. The resignation of the cabinet is ascribed to Prime Minister Rudin's knowledge that the chamber of deputies would censure the government by a majority of two to one, and he did not therefore force a debate on the national situation. The members of the left have abandoned him. His friends are attempting to have another cabinet formed by him, supported by the moderates, but the consensus of opinion is that it is no longer possible after his disastrous administration.

Complete Returns Now In.

Berlin, June 20.—Complete returns of the elections for members of the reichstag show that there have been returned thirty-eight conservatives, ten imperialists, eighty-five centrists, five candidates of the reform party, ten national liberals, one radical union candidate, one candidate of the radical people's party, one German league, thirty-two social democrats, thirteen Poles, one Dane, nine independents and three peasant league candidates. Second ballots will be necessary in 188 districts.

Choyinski and McCoy Have Signed.

New York, June 20.—Homer Selby, brother and manager of Kid McCoy, said last night that all arrangements for the match between his brother and Joe Choyinski had been completed, and the battle would positively take place at the Hawthorne Athletic club of Buffalo. Selby stated that the fight would take place on August 27, for a purse of \$12,500, 75 per cent. going to the winner, and 25 per cent. to the loser.

Iowa Village Damaged.

Belle Plaine, Iowa, June 20.—The business portion of Garwin, fifteen miles north of this place, was destroyed by fire Saturday night. On account of a scarcity of water and a lack of fire fighting apparatus the stocks of goods and the buildings were totally destroyed. Eighteen business houses were burned. The insurance will cover probably one-third of the loss.

Wish Action on Currency.

Washington, June 20.—A strong movement is on foot to induce the managers of the house to permit the banking and currency bill, reported to the house this week, to come up for consideration. A petition to the committee on rules, asking for a day, has been vigorously circulated, and it is said that 140 republicans have signed it.

Leaks in Navy-Yard Docks.

Washington, June 20.—Timber dock No. 3 at the Brooklyn navy yard is reported to be still in a defective condition. The experts find it impossible to repair the leaks in the structure and there is no hope that the dock will be available for use within several months.

Significant Act of Britain.

London, June 20.—It is announced that Great Britain will not hold her usual annual naval maneuvers this year, and there is much speculation as to the reason for this step. The officials of the British admiralty decline to give their reasons for abandoning the maneuvers, but they say it is not because of lack of coal, as ample supplies of fuel were secured previous to the strike.

Killed in a Train Wreck.

Mauch Chunk, Pa., June 20.—While dashing around a curve near Glen Onoko, six miles from here, passenger train No. 705 of the Central Railroad of New Jersey leaped from the track about 4:45 Sunday afternoon and was wrecked. Two persons were killed and eleven injured. Richard McHale, the engineer, and Charles Ebner, a newsboy, are the dead. What caused the accident is not known.

Pledged to Obey Gen. Miles.

Washington, June 20.—Through Gen. Garcia the Cubans in arms have notified Gen. Miles that any suggestions on plans for military co-operation sent by him to them will be regarded as orders and obeyed as such. Positive statement to this effect is made by Gen. Miles himself, he adding that he expected 15,000 Cubans to aid Gen. Shafter in the capture of Santiago.

Big Coal Shipments to Hawaii.

Tacoma, Wash., June 20.—J. E. Steel, Hawaiian consul and United States commissioner, has just returned from the east. He says that shipments of coal aggregating 40,000 tons are soon to be made to Honolulu. One American ship, the St. Francis, is now at Baltimore loading a portion of this coal.

Can Not Get Armor Plates.

San Francisco, Cal., June 20.—Work on the battleship Wisconsin at the Union Iron works is almost at a standstill in consequence of the non-arrival of the steel armor plates. The material should have reached here six months ago, and until it does arrive active work on the vessel will cease.

Weekly Bank Statement.

New York, June 18.—The bank statement is as follows: Reserve, increase, \$5,431,700; loans, decrease, \$426,000; specie, increase, \$3,723,200; legal, increase, \$3,399,900; deposits, increase, \$6,765,600; circulation, decrease, \$32,300.

Ready to Burn Their Homes.

Guantanamo, June 18, via Kingston, Jamaica, June 20.—Cuban scouts report that the inhabitants of Calmanera have strewn the street with straw and oil, with the intention of destroying the city and fleeing to the hills.

Milwaukee Carnival Week.

Carnival week at Milwaukee, June 27 to July 3, will rival the Mardi Gras at New Orleans. Those having the celebration in charge believe that the Wisconsin festivities will even be more attractive than those of the far famed southern city. At New Orleans there are only three evening attractions. At Milwaukee there will be six days and six nights of endless festivities. The grand pageant, illustrating the history of Wisconsin, will consist of twenty floats. These floats are rapidly nearing completion and are said by the contractor, who has devoted his whole life to this business, to be the finest he has ever yet constructed. Low fares on all roads and boats will be given for Carnival week.

1891—Sudden heat, with tornadoes and cloud-bursts, in western states.

STAB-IN-THE-BACK MACHINE

The Waupun Record says that if any one thinks the La Follette machine has been idle they will learn their mistake later. The coming republican state convention will be made up of 1,007 delegates, and will, therefore, be the largest convention ever held in the state, and one most likely to contain many elements of surprise. The La Follette machine, taking advantage of this fact has been industriously circulating literature throughout the state, the character of which literature it is not difficult to judge when it is known that it comes from the office of the State, the official organ of the faction. This literature is circulated by means of a poll list secured months ago by La Follette and his associates, supplemented by another list secured this spring by means of circulators sent into every town in the state asking for names of prominent local republicans. These secret circulars sent out by ten thousands present arguments which cannot be answered simply because they are, in a sense, secret. The men who adopt this method of campaigning, modeled as it is on the Indian and Spanish mode of warfare, care only for results, and if they can manage to bring down a man here and there they hope to gain their ends. It is difficult to tell how many men who are prejudiced by these circulars, and who have had no opportunity to hear the other side may be elected as delegates to the state convention, but there is a saving of common sense and intelligence in the republican party, as well as a love of fair play and hate of slander and injustice, and these elements may be relied upon to disappoint the so-called republicans who sharpen their knives and go out after republican scalps in order that they may make places for themselves at the head of the procession.

Ashland Press—Mr. La Follette will best strengthen himself by not allowing some of his fool friends to use his name on every occasion, from a ward caucus to the governorship, simply to ferment political disturbances. Wisconsin has an excellent governor now. He is finishing his first term and the people are disposed to give him another. Let Mr. La Follette turn in and help renominate Governor Scofield and he will make friends who may be of use to him on future occasions.

Maunac Press—In this state we have a governor who is the best in the country. He is wise, careful and honest; he is a man of the people. He is not ruled by machinists of any machine and gives his best thoughts to the promotion of the people's welfare. The re-nomination of Gov. Scofield means harmony in the republican party. His election means a continuation of that confidence in our affairs, needed to keep good times.

Here is a democratic view of the Follette machine and its leaders:
Oshkosh Times—Dear, dear, dear! Here we are on the eve of another season of La Follette mutterings, and the Lord only knows what he will say this time. Why don't he enlist? It would be much more creditable action than to disturb the great people of Wisconsin with his cranky notions about administrative reforms. We need reforms but heaven knows, but there is only disappointment ahead of any one who seriously expects La Follette to make his burden lighter.

The people will probably attach as much importance to all of Ex-Governor Board's recommendations as they will to his advice to bolt the ticket if the La Follette machine is defeated.

Beloit Free Press—It is said down at Camp Cuba Libre at Jacksonville,

that if "graybacks" were so doted the Janesville Company could alone furnish soldiers enough to surround and capture the whole Spanish army in Cuba, and have enough to spare to take and hold the Canal Islands.

Rock county is entitled to thirty-three votes in the republican state convention. The apportionment is—First assembly district nine; second, eleven; and third, thirteen.

The American sailors are in hopes that the report that Admiral Oamara is coming to take their pictures is true.

Madison Democrat—Joe Leiter's name might very appropriately now be Jough Dough.

What of the hospital?

KILLED IN RAILROAD WRECK.

Disaster Near Shawsville, Va., in Which Loss of Life Follows.

Roanoke, Va., June 20.—Norfolk & Western passenger train No. 4 was wrecked at 12:45 p. m. Sunday two miles west of Shawsville. Three men were killed and several injured. The dead are:

HORNER, ALBERT, engineer, Bristol, Va.

SADLER, EDWARD, fireman, Bristol, Va.

FRANCIS, A. S., mail clerk, Merion, Virginia.

The injured are:

Gill, I. V., mail clerk, Lynchburg, Va.; seriously.

Two express messengers; names unknown.

Several passengers; names unknown.

Engineer Horner was buried beneath his engine, and fireman Sadler was so badly scalded that he died two hours later.

Spaniards Prevent a Landing.

Off Santiago de Cuba, Saturday, June 18 (via Kingston, Jamaica, Monday, June 20).—Several attempts to find landing places for the United States troops within a distance of two miles west of Santiago have demonstrated, along with the previous inquiries to the eastward, that the shore for fifteen miles is lined with Spaniards. While this will not prevent a landing close to Santiago, it may entail considerable delay, as the surrounding country must be thoroughly shelled and cleared before the troops can land in safety.

UTAH TOWN FLAME SWEEP.

Business Section of Park City Wiped Out—Many People Homeless.

Park City, Utah, June 20.—The business portion of Park City, in Main street, with the exception of a few business houses at the upper end of the street, burned to the ground Sunday morning. The fire started about 4 o'clock in the American hotel, and, fanned by a south wind, swept the entire street. Park City's business portion is now a mass of ruins. The damage is probably close to a million dollars. The fire was gotten under control at 9:30.

Every drug store, butcher-shop, hotel and all but three saloons burned to the ground. Both the Park opera house and the new A. O. U. W. building, with the new Grand opera house, were entirely destroyed.

The Marasac mill was only saved by hard work. The city hall, both bank buildings, postoffice and telephone exchange are gone. Many people are left homeless, having nothing but their clothes. The wind carried the flames in sheets until the whole center of Park City is gutted.

The situation is that the whole city from the American house, where the fire started, to the Union Pacific depot, which was saved, is burned on both sides of the street. The whole is a blackened, smoking ruin, with the fire stayed.

Trainmen Killed in a Wreck

Easton, Pa., June 20.—The passenger train on the Central railroad of New Jersey, due here shortly after 6 o'clock Sunday evening, was wrecked six miles above Mauch Chunk at 4 o'clock this afternoon, and the engineer, Richard McHale, of Easton, and the news agent, Charles Elmer, of South Easton, were killed. Wilfred Yeomans, the fireman, and Chas. Taylor, the baggage-master, both of Easton, were severely hurt.

William A. Coombs Is Dead.

Coldwater, Mich., June 20.—William A. Coombs died at his home in this city Sunday after a short illness, aged 58 years. He was one of the most prominent merchant millers in the west, and was president of the National Miller's Association.

WHERE IS W. E. MAIN STILL A QUESTION

NO EXPLANATION OF THE MYSTERY AS YET.

Wife Receives Notice of His Death, But News Is Not Confirmed, and Signer of the Telegram Is Not Located—Murder Near Portage—State News.

Chicago, Ill., June 20—Up to midnight last night, the mystery surrounding the telegram sent to Mrs. W. E. Main, Macleau, Wis., stating that her husband, W. E. Main, had been killed in Chicago yesterday, has not yet been solved. The telegram was signed "S. A. Gardiner," and gave the address 4007 Vincennes avenue. Mr. Gardiner emphatically says that he knows nothing about the telegram. Mrs. Main telegraphed to the Grand Pacific hotel last night to see whether her husband had registered there or not, and requested that details of his death be forwarded to her. A search of all the leading hotels of the city has failed to locate Mr. Main, and the police are beginning to look with suspicion on the case.

Murdered His Wife

Portage Wis., June 20—Edward Scherbarth, a German farmer residing just outside the city shot, and killed his wife with a 32-caliber revolver. The ball entered the left eye and penetrated the brain. The man and woman were alone and but little information can be obtained concerning the circumstances. Scherbarth was under the influence of liquor and said to persons who arrived soon after the shooting that he had been indulging in a little target practice with his revolver. When his wife came out of the house and handed him about his poor marksmanship, saying among other things that he couldn't hit the broad side of a barn. It enraged him and he pointed the revolver at the woman and fired. The couple are the parents of eight children. Scherbarth and his wife were known to have frequent brawls and their neighbors had become so accustomed to these disturbances that but little attention was paid to them. It is said both had been drinking a short time previous to the murder.

Waukegan, Wis., June 20—At the evening's service in the First Methodist church, closing the dedicatory exercises of the day additional subscriptions were pledged to meet the entire debt remaining on the church, \$11,005. There is great rejoicing over the success of the bishop's work.

Young Men of Racine In Jail

Racine, Wis., June 20—William Hoyle and Frederick Wald are in jail on the charge of highway robbery, the alleged victim being Henry Thale, of Kenosha. Thale appeared at the police office with his head and face cut and reported that the young men entered him to the outskirts of the city at 1 o'clock this morning, knocked him down and choked him, then robbed him of his money. Last week Wald was tried on a similar charge, but was found not guilty. Hoyle is the son of a city official.

Milwaukee Soldiers Leave

Milwaukee, June 20—Twenty-six men enlisted by Capt. Wills for the First Regiment will leave on the 7:15 train this morning for Jacksonville, Fla., where they will be equipped and assigned to companies. The men will assemble at the Broadway armory at 6 a. m., and will be in charge of John Jay, an ex-guardman, who has recruited.

A Tame Wildcat

From the Kansas City Journal comes a pleasing account of a tame wildcat, the property of a Chicago gentleman. The cat, which is as large as a good-sized bull-dog, and, according to its proud owner, could whip an even dozen of those iron-jawed beasts in as many minutes, is as docile and gentle as a kitten. Trapper James Wilson, whose log cabin is situated in the wilds of the Minnesota woods surrounding Sturgeon lake, captured the wildcat when it was so small that its eyes were hardly open. He trained it for thirteen months, feeding it with cooked beef, milk, and bread, and today, in its new Chicago home, it plays about the office in amusing gentleness, stands gravely in the window gazing with wondering eyes out upon the street, with its multitude of horses and wagons, or starts in its brisker moods on a wild career of leaping about the office. A jump of a seven-foot partition is not quite the limit of its endeavors, and a spring of ten or eleven feet from the top of a desk to a stack of boxes, on which it lands without causing the pile to topple over, is one of its prettiest feats.

Getting Ahead of the Procession

"What objection have you to offer to my patriotic sentiments?" inquired the very knowing young man. "No objection whatever," replied Farmer Cornstossel, who had displayed little enthusiasm. "But I hate to see you rushin' things so. I'm kind o' skeered for fear ye're settin' such a pace in yer own mind that in case of any call for fighters ye'll be clean through the hull business, so far as you're personally concerned, an' have peace declared."—Washington Star.

HOLD THEIR PICNIC EARLY NEXT MONTH

COMMERCIAL MEN ARRANGE THEIR OUTING.

Will Take Place This Year at Idlewild Park—Final Arrangements Were Made Saturday Evening, and Committees Appointed—Will Be an All-Day Affair.

At a meeting of the United Commercial Travelers Janesville Council No. 108 held Saturday evening, arrangements were completed for holding their annual picnic, which will take place this year on Saturday, July 2, at Idlewild Park, near the four mile bridge. The following committee of arrangements was appointed:

Mr. and Mrs. W. E. Clinton and Mrs. C. B. Evans.

The intention this year is to give an old fashioned basket picnic that will equal if not surpass anything yet attempted by the Commercial Travelers Association in the past. Boats will run at short intervals, and there will be plenty of accommodations for those who attend.

Games of all kinds will be participated in, and several of the local men of the grip are said to be on the program for speeches.

The grounds will be decorated with the national colors, and nothing will be left undone to making the picnic one long to be remembered.

Invitations will be extended to many outside of the city, and there is little doubt but what many strangers will be here on that day.

At the meeting Saturday evening N. C. Commercial Guide for Wisconsin was made the official Guide of the local council. J. H. Nicholson is the secretary of the publication, which will be published August 1 free to all commercial men.

Janesville Council No. 108 has now a membership of about seventy-five, and is in a flourishing condition.

SEVERAL runaways have resulted from the careless use of fire crackers this week. It is suggested that youthful patriots might very properly restrain their enthusiasm until July 4.

TWELVE ACRES SOLD FOR GRAVEL PIT

C. & N. W. COMPANY ARE THE PURCHASERS.

One of the Largest Pits in the State Will Be Opened Here Soon—Purchase Price Was About \$200 an Acre—Many Men Will Be Given Work.

The Chicago & Northwestern railroad company have made the purchase of twelve acres of land on the Culver farm on the north edge of the city limits and half a mile north of the Harrison Furniture company factory. The price paid was private, but was about \$200 per acre, the transfer being made by Mrs. C. F. Pa. and Miss Ruth Culver to the Chicago & Northwestern railroad company. The purchase of this land will mean the opening up of one of the largest sand pits in this section of the state.

The Second Purchase.

Twenty years ago the Northwestern Company made the purchase of 64 acres of land on this same farm, the purchased property then bordering on their right of way. During the past few years they have worked this pit with a large force of men, and now that they have utilized about all that belongs to them they were either obliged to purchase adjoining property or seek a new location. On account of the Janesville pit being so well located to the city, the company deemed it wise to make the new purchase.

Will Furnish Work.

The closing of this new deal means much to the city of Janesville. Many men will be given employment both at the pit and on special gravel trains, and as they will make their headquarters in this city it will be just that much gain for Janesville.

EXAMINE SOLDIERS THIS AFTERNOON

VOLUNTEERS MAY GO SOUTH TOMORROW.

Afternoon Was a Busy One in the Armory—Dr. James Gibson the Examining Physician—New Men Are Anxious to Land in Jacksonville—Recruits Young Men.

Many young men all anxious to serve their country in the present war with Spain, sat about the armory this afternoon, each awaiting his turn to submit to a physical examination. Lieut. H. F. Baldwin and Corporal Hall were there to assist the physician, Dr. James Gibson, in his work of examining. At 3 o'clock this afternoon the following young men had passed the examination, and are now ready to go to Jacksonville: Anthony Tilt, Herbert Gardner, Jacob Jarvis, James Synott.

Will Start This Week.

Most of these young men are residents of this city or vicinity, and will be a part of the volunteer army at Jacksonville by the end of this week. Captain West, who is now at Monroe, and who has charge of the recruiting office of the First Regiment, telephoned to Lieutenant Baldwin yesterday, notifying him that all the necessary papers for recruiting purposes were now on the way, to bustle the work along. In all probability the twenty-nine men to be recruited here will be sent out of this city in charge of Private Eames, who has been ill here of late, having been taken sick at Camp Harvey, Milwaukee. Lieut. Baldwin will leave with the last squad of men probably the first of next week.

Recruits Receive Orders.

This afternoon the new recruits were notified each to take a thin suit of underwear with them besides two days' rations. After leaving this city on the O. & N. W. railroad they will be transferred at Delago to the Chicago & Eastern Illinois, which will take them to Chattanooga, and then they will go to Jacksonville via the Southern railroad.

NEWSPAPER MEN

IN A COLLISION

THEY WERE IN A TALLY-HO COACH IN MILWAUKEE.

An Electric Car Disputed the Right of Way and the Coach Was Overturned—Several Sustained Painful Though Not Serious Injuries—All Were Chicagoans.

Milwaukee, Wis., June 20—A crowd of Chicago newspaper men were given a lively shaking up yesterday afternoon. They came here for a Sunday outing and were perched on top of stowed away inside of one of the big tallyho coaches which run in connection with the excursion a car on which they came. They were returning to the steamer, and the coach was turning the corner of Second and Syracuse streets, when an electric car gave it a hard bump. The coach raised on one side and slid along the smooth asphalt for a distance of several feet. Two reporters were thrown off, and a number of them were injured.

Joseph Eckel had his leg broken and was removed to the Wisconsin general hospital. He was not otherwise injured. A Stubbledfield was badly bruised about the head and body and was taken to the Emergency hospital. The others caught the steamer back to Chicago.

Nine in all were hurt, the most serious being Joseph Eckel, of the Dispatch, who had his right leg broken; Benjamin F. McCutcheon, artist on the same paper, who sustained a fracture of the right arm, and George W. Powers, whose right leg was severely crushed.

THE HOLLAND DIVING, SUBMERGED AND RISING.

The Holland submarine torpedo boat is one of the most interesting warships of the navy. She is somewhat in the experimental stage as yet, but numerous tests have demonstrated that she cannot only dive in safety far beneath the waves, but that she can safely come to the surface again. When beneath the surface, she discharges a torpedo into the hull of an enemy's ship above her, and when on the surface she throws a dynamite shell for a considerable distance with deadly effect. If she does all that her inventor claims she will do, she will revolutionize naval warfare. The largest battleship will be powerless to resist her attack and will be compelled to seek safety in flight whenever her approach is detected.
